

NURSE

One who opens the eyes of a newborn and gently closes the eyes of a dying person. It is indeed a high blessing to be the first and last to witness the beginning and end of life.

Nurses across the globe are celebrated and honored on 12th of May for their tireless dedication, compassion, and resilience on the occasion of International Nurses Day which is celebrated to commemorate the birth anniversary of the founder of modern nursing, Florence Nightingale. Each year, the International Council for nurses develops a theme, that unifies and reflects on a common purpose for the nurses across the globe.

The theme for 2024 is “ Our Nurses. Our Future. The economic power of care.” The Council aims to reshape perceptions, demonstrating how strategic investment in nursing can bring considerable economic and societal benefits.”

At Jupiter Hospital, Thane, the Nursing Department celebrated Nurses month from 15th April – 11th May 2024, with great zeal. The celebration included Inspirational talks by experts both in house and external speakers. There were various competitions and games conducted wherein the nurses could showcase their talents, creativity and skills.
